The word Klezmer comes from two Hebrew words. Klay, which means "vessel of" - and Zemer, meaning "song."

It's a Yiddish word for musical instrument and is used to describe the dance music of Eastern European, Ashkenazi Jews. It's also a term for the musicians.

Klezmer is the music that speaks to the heart. It's balkans and blues, ancient Jewish culture and prayer and history, spirit and jazz all mixed together. Good klezmer, and the music inspired by it, demands that one dances. In the words immortalized by Emma Goldman: "If your revolution doesn't include klezmer, I don't want it."

Schmalts is a good Yiddish word, which means fat, and has a joyful connotation. Our band entertains in all music styles: Klezmer, Israeli, Dance, Yiddish, Sephardic, Hassidic, and more.

Our San Diego Jewish group combines professional and recreational musicians: violins (fiddle), accordion, guitar, harmonica, mandolin, keyboard, vocals & percussion.

Scott, at the accordion will lead you into the waltz and tango with passion.

Chelsey, at the violin, our 13-year old prodigy, will play into your heart.

David's voice tunes to the old Yiddish songs like no one else can.
